QUOTATION FOR CONTRACT DECORATING – PAGE 2 OF 2

- (2) Any changes required to the graphics on disc or a film positive, film development charges will apply at \$80 per hour, minimum \$50.00.
- (3) Film Positive Requirements: Screen Printing: Emulsion side up. Pad Printing: Emulsion side down.

PRINTING NOTES

- (1) All printing pads, screens after initial fabrication charge, ink and supplies used during production runs are included in price.
- (2) Allowable Reject Rate: **1.5%** per color. (Comdec is responsible for the printing cost only.) Rate should not exceed % per pass given acceptable part quality and standard graphics. Since many variables come into play when estimating the reject rate, the quoted reject rate is for cost evaluation only and should not be considered a guarantee.
- (3) Production time is after receipt of purchase order, tooling and parts.
- (4) Comdec reserves the right to re-quote should any changes be made to the above.
- (5) Quotation is valid for one year from the date of quote. After that date, Comdec will issue a new quote with current pricing upon customer request.
- (6) Comdec will submit a new quote if quantities vary from the above quantities.
- (7) Firm commitment given after seeing the actual parts.
- (8) **SHIPMENTS**: Incoming must be prepaid by customer and must include a packing slip. We do not accept shipments freight collect. Outgoing F.O.B. Newburyport, MA.
- (9) **Terms**: Credit information and Tax Exempt Certificate are required. Special Tooling due upon receipt of PO. Printing net 30 days with approved credit.
